

CHAMBERS WESLEYAN CAMP

PET POLICY

It is preferred that you make other arrangements for your pets while you are on the campgrounds for reasons of sanitation, public health, liability, and safety for all campers. If unable to do so, however, you need to comply with the following rules:

Pets:

- a. You may not have more than two pets per site.
- b. Pets must be registered and have proof of vaccination when checking in.
- c. No pets, with the exception of service dogs, are allowed in camp owned buildings or the pool area.
- d. When outside, your pet(s) must be secured and not left unattended.
- e. When walking your pet, the leash should be no longer than six feet.
- f. Owners are responsible to clean up after their pet(s).
- g. Out of consideration for other campers, your pet(s) must not become a nuisance (e.g. chronic barking) or show aggression.
- h. Failure to comply with any of this policy will result in your being asked to remove your pet(s) from the campground.

I have read and understand the Pet Policy listed above.
